PRESIDENT'S CORNER

Greetings Everyone!

Our club closed out the year with a great Christmas pot-luck, ornament exchange and gift raffle. Not only did many of us walk away with a great gift - we all left with a satisfied appetite. Again, I would like to thank Bobbie Kuniyuki and Mark Campbell for their hard work and efforts in making this event a true success.

One of my goals for the new year is to see every club member enter at least one carving in our March show. I would like to challenge everyone that doesn't already have a carving ready for the show (or one in progress) to start one now and enter it.

Our club has several extremely talented carvers that would be more than willing to help anyone decide on or complete a carving for our show. If there are any questions about entering a carving in our show, such as what skill level, category etc., ask Mark Campbell (our show chairman).

"May the grain be with you"
